

Dear madam/sir,

The Research Foundation Flanders is looking for international experts to join its Expert panels. An overview of the current vacancies in our panels is available online. We are looking for panel members to join the panels on January 1 2019.

This year we are looking for a large number of both Flemish and international panel members. We would therefore very much appreciate it if you could circulate our vacancy message widely within your network. At the bottom of this email you may find the overview of the number open places per panel scope.

All information about the vacancies and the functioning on the panels starting 1/1/2019 is available [online](#). As of today we are very happy to receive applications from a wide variety of candidates in all scientific fields!

Should you have questions, don't hesitate to contact us: vacancies@fwo.be

Thank you for supporting our search for new panel members.

Kind Regards,

On behalf of Hans Willems, Secretary General Research Foundation Flanders
An Goris, policy officer Research Foundation Flanders

Expert panel	Number of vacancies
Biological sciences	
Bio1: Molecular and Cellular Biology	14
Bio2: Functional Biology	15
Bio3: Biodiversity and Ecology	15
Bio4: Applied biological Sciences	16
Humanities
